First of all when decide to go in Islamabad because we already going for interview in eziline software house and after one two days me and waqas are decided that we are going to Islamabad for internship so we started a journey and come to Islamabad for internship .

When we come to Islamabad Rawalpindi we attend another interview but unfortunately it is not good place for us then we decide to come again to eziline software house when we come to ezilne software house and we are talk to here that we are coming here without doing task but sir do not accept this demand and extend the duration of our toask then we are looking to find a suitable hostel but do not find here

Finally we come to Muhammad ishfaq friend room and here we find a hostel but we want stay with his room and find another way to adjust so when wakeup in the morning looking for another company interview and going to i9 at software technology park and submit cv at some places and give interview at some company and then move to again rehmanabad in metro and also make a card for metro at Rs 300 with 70 balance each card carry and then my friend contact with his friend and me also contact with khalid khan that we are going to stay here for one night but finally we come to Junaid room and here we stay and call khalid to are come next time inshAllah but Junaid want to we stay permanently here in his room then we going to ishfaq place to pick a saman and also attend another interview in Malik abad shoping mall and tying to do some work in our system preparing our cv and system and also to develop a skill this all about our first two three days in Islamabad .
